LANGUAGE ACADEMY
AN IB WORLD SCHOOL

¡Bienvenidos a Kinder!

I hope everyone had a nice and relaxing summer! I just wanted to tell you a little about myself. My name is Becky Swenson (Srta. Becky) and I will be your child's Kindergarten teacher! I am originally from Madison, Wisconsin (Yes, I am a Packers fan) and went to college at Gustavus Adolphus. After college I lived in Costa Rica for a year. This is where I became fluent in Spanish. I had an amazing time in Costa Rica learning about culture, the language and a lot about myself as well. This year will be my 12th year teaching at LILA! I taught 6 years in first grade and then decided to become a Kindergarten teacher, which I love! You truly know you're in the right profession when you love getting up in the morning.

I am really excited about being your child's teacher. This year we will be studying a lot of different topics and having a lot of fun doing it! We will also become 'thinkers,' 'investigators,' and many other types of learners. I am looking forward to meeting everyone and another great year in Kindergarten! Enjoy the last few days of summer.

Sincerely,

Srta. Becky
