

Queridas Familias,

We are about to embark on a new journey through the waters of first grade. I am glad to say I will be your child's teacher and I would like to take this opportunity to introduce myself. My name is Profe Victor and I am from Madrid, Spain. I have a Bachelor's degree in Elementary Education and I studied at the Complutense University of Madrid. 4 years ago, I worked as Language Ambassador at LILA. This was a perfect chance for me to learn, teach and share with all the community. Now I worked here for 3 years as 1st grade teacher.

Being a Language Ambassador at LILA, taught me how to deal with discipline and work in reading, writing and math. Due to my educational background and my experience in coaching soccer teams and monitoring summer camps, I am skilled at managing groups of kids by doing fun activities and games.

Last 3 years, I worked I have been working as a first grade teacher. Thanks to this experience and the awesome first grade team, I got to know all the academics concepts, which we will be working with during this year!

Some of my interests include playing the guitar, traveling, playing soccer and spending time with my friends and family. During the summer, I could travel around the U.S. and Spain. During this trip, I looked for new ideas and materials to incorporate to my classes so I am ready to get started!

For all this, I am looking forward to seeing you for our "Bienvenidos Conferences". I would like to use this time to learn about your child, answer any questions or concerns that you may have and share with you my goals and expectations for this year. If you need more information or have any questions, you can contact with me at vpintado@mylila.org.

Have a great summer and I will see you soon!!!

Sinceramente,

Profe Victor
