

Ni Hao Third Grade Parents and Families,

I am Wu Laoshi and I am so excited to be your child's third grade teacher!

My Chinese name is Yingyi (Pronounced as Ying-ee) Wu. I am from southeast China and both of my parents are principals and teachers back in China. I got married two years ago. My husband is getting his PHD in Bio-Medical Engineering from the University of Minnesota. We live in Saint Paul and we enjoy playing table tennis, swimming and reading in our free time.

Coming to the United States in 2009, I have made Minnesota my home and obtained my Bachelor's Degree in Education from the University of Minnesota. In addition, I have received a Master's Degree in Teaching along with an Elementary Teaching License from Hamline University.

Having had worked in the field of immersion education since 2012, I have helped many students of various ages sharpen their Chinese language, and experience the joy of learning. Furthermore, character education and critical thinking skills are valued along with academic excellence in my classroom. Nothing can give me more joy than watching your child learn and grow, both academically and socially. Having had rich experiences working with children in different settings, I am excited and confident that we will have a wonderful school year together!

I am looking forward to working together with you to help your child reach his/her fullest potential as they continue their third grade adventure. Please feel free to contact me with any questions and let me know how I can help your child learn the best. I can be reached by e-mail at ywu@mylila.org

Much love and excitement,
Wu Laoshi
