

Lakes International
LANGUAGE ACADEMY
AN IB WORLD SCHOOL

It is our goal at Lakes International Language Academy to place every student in a classroom that will best meet the individual child’s needs. In doing this we take the following information into account:

- Academic Achievement
- Learning Style
- Special Needs
- Gender Balance
- Study Habits
- Parental Input
- Personality Traits
- Social Skills
- Peer Relationships

As we begin the process of designing classes which are healthy, positive environments for all students and staff, we thank you for your input and remind you that your child’s current teacher will be involved in the classroom placement for the next school year. Parental input is only one piece of information taken into consideration when making up a class.

Please keep your input to characteristics; do not include requests for specific teachers as we can’t guarantee that a teacher will continue to teach the same grade level from year to year.

Lower School Parent Input Forms are Optional
Due Date for Consideration: May 19

Student Name: _____ Grade Next Year: _____

Current Year’s Teacher: _____

Parent/Guardian Name: _____ Date: _____

Please consider these characteristics of my child in determining classroom placement for next year:
