As we begin the process of designing classes which are healthy, positive environments for all students and staff, we thank you for your input and remind you that your child's current teacher will be involved in the classroom placement for the next school year. Parental input is only one piece of information taken into consideration when making up a class.

Please keep your input to characteristics; **do not include requests for specific teachers** as we can't guarantee that a teacher will continue to teach the same grade level from year to year.
