

**SCHOOL VISITORS**

I. PURPOSE

To provide responsibilities of school visitors and school staff regarding school visitors.

II. BACKGROUND

Parents, citizens, alumni and other adult visitors are welcome and encouraged to visit Lakes International Language Academy; however, the school reserves the right to decline to give permission for or to withdraw permission for parents, citizens, alumni and other members of the public to visit the school if such action is deemed necessary to ensure the physical or emotional safety of students and staff or to prevent the disruption of the school's educational programs. These rules are in effect for all school activities, functions and meetings.

III. PROCEDURES

- A. Upon entering the school building, visitors must first come to the administrative office to sign in and be directed to the teacher, student, or class they wish to see.
- B. All visitors must wear a badge, visitor sticker or other identification so that students and staff will be aware that they have registered in the office. The school will make every effort to see that classes are not interrupted while in session for the admission of guests.
- C. For the protection of everyone in the building, teachers will courteously direct all visitors not wearing a visitor's badge or identification to the administrative office.
- D. Parents wishing a conference with a teacher should not expect to interrupt the teacher's class but must make arrangements for such appointment in advance. In the event of an emergency requiring that parents have immediate access to their student, parents may either call or go to the office to:
  - 1. Explain the circumstances of the emergency; and
  - 2. Request that their student be called to the office to meet with them and/or talk with them on the telephone, if doing so does not disrupt the educational program.

- H. In applying this policy, staff members must always be aware that there is an important distinction between declining to be treated in an unacceptable or disrespectful manner and, on the other hand, refusing to carry out a legitimate request for information or assistance. The former is not a reason for the latter. Timelines created by a statute or a school policy for making a response to an otherwise legitimate request must be observed even while the issue of unacceptable or disrespectful conduct is being addressed.
