

Hola Familias,

I would like to write this letter to introduce myself to you all. My name is Juan Tabanera Llorente (Profe Juan), I'm 23 and I am from Valverde del Majano, a little village which is so close to Segovia in Spain. I live in Valverde with my parents, Justo and Gloria, and my sister, Beatriz.

Last year I finished my education degree, I graduated from University of Valladolid with a Bachelor of Music in Elementary Education. After finishing my degree I could enjoy an unforgettable experience, I was a language ambassador at Lakes International Language Academy. During this experience I could learn a lot about different kinds of strategies used by different teachers which were completely unknown for me. It helped me to be a better teacher.

I really enjoyed the experience, because of that I decided to apply for a job at Lakes International Language Academy. This year will be my first time working as a teacher and I can't feel more excited. During this year I will teach Spanish, besides I will be co-teacher and I will be on charge of LILA vision. I am really eager to start working!!

Apart from teaching, there are a lot of things I like to do. I am a very energetic boy, I never get bored. I spend my free time playing my guitar, playing soccer and pádel (this is a sport very similar to tennis), hanging out with friends and my family, reading....I never stop.

I hope that gives you a little insight to who I am. You will be able to get to know more about me throughout the upcoming year. I am very excited to start working with the kids. If you ever need anything from me I will be so happy to help you.

Sincerely,

Profe Juan
